MAKE·A·WISH.

September 8, 2003

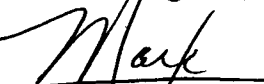

Dear Kevin,

What a tremendously positive impact you had on our Inaugural "lumi" Wish Awards event yesterday for our chapter. I have received phone call after phone call all day long from individuals that were all inspired by your inspirational songs and personal account of the "Power of a Wish." They also really loved the "drive thru" story!!

Kevin, you are our new hero. I knew your story, I knew your songs and I was well aware of what you have done for this Foundation on a national basis, but I didn't know the man. You are truly a good soul and embody a great spirit. Thank you for your gifts and talents and the perspective that you brought to the LUMI'S and shared with all of us. You became one of the illuminating highlights of the day.

All of us here at the Make A Wish Foundation of Orange County want to express our appreciation and gratitude for opening our hearts even more. You truly live the theme of your music, you are the Measure of a Man.

Warmest regards,

Mark K. Pilon and the whole staff
President/CEO
